Once the above is completed you can browse the website and explore on your own. Under the “learner sites” there are sites for students, family or adults. On the side is a place for announcements. There are videos and scripture readings. There are interactive activities and lesson outlines for the students according to grade level. Be sure to explore all the pages and familiarize yourself with the website.

Under “learner site” click on your grade then click on launch. From here you can pick games, activities, parent

If you pick the “parent” here you can read scripture for upcoming Sunday readings or read articles on faith and lots of other materials.

For the Calendar click on “Go to Calendar. Once at the calendar on any day the word “event” appears click on the green square/date to see what is happening that day. If “Lessons” appears on a day, click on it for a list of what chapter students should be on in their books in CCD. Use the arrow buttons to jump back or ahead a month or a year at a time. Or use the month and year menus to jump right to any month from now to 2037.

On the calendar page there is a button “Lifelong Catechesis.” Here you can explore all grades and all lessons.

If your student is absent this is a great way to catch them up on what they missed by having them do the reviews and activities to keep them caught up with the rest of their class.

The eConnect is a great new interactive learning tool for the CCD program and we hope you will utilize this wonderful resource. If you have any questions or concerns, please contact the Religious Education Office at 412-795-4389.
